AL-KHWARIZMI

When looking into the entire lifecycle of data collection, surveys, polls and e-forms starting from forms ideation and design and ending up with collected & analyzed data, it is crucial to acknowledge the uniqueness and differences between industries. Al-Khwarizmi's integrated platform is flexible enough to conduct the entire lifecycle in every kind of industry considering the different needs of statistical departments, research centers and various public and private entities

THE ULTIMATE DATA COLLECTION PLATFORM FOR

GREATEST

BENEFITS!

**USE A SINGLE ENTERPRISE PLATFORM TO FACILITATE & CONDUCT THE ENTIRE DATA COLLECTION & SURVEY LIFECYCLE**

> Our center has been using Al Khawarizmi for the past 2 years. We were able to use different data collection modes through field work and by using web links. This feature has proved to be invaluable during the COVID19 pandemic as it allowed us to continue our surveys without disruption. We are satisfied from our experience with Al Khawarizmi as it made all aspects of data collection much more efficient.
