## RealSoft Overview

**RealSoft** started as a small business in the field of information technology services and solutions in 2002. The company grew bigger and more experienced in the Digital Transformation and Data Management fields. It has accelerated business growth and depth of support in IT solutions and system integrations fields.

RealSoft now represents a huge milestone in the region's *Digital Transformation*, *Data Management*, *Statistical Solutions*, and *Mobile applications* fields, combined with professionalism and high quality. This is a combo that sums up years of experience, hard work, and dedication altogether.

RealSoft has been a long-term trusted partner for *governments*, *municipalities*, *banks*, *telecom*, *utility business*, and *NGOs* in the Middle East region since 2002; working closely with its clients allows RealSoft to act in its best interest over the long term.
